Utility commander Control panel
6 columns
TEF4500716   Art. No. 170584

- Backlit text and graphics with dimming control
- Audible and visual alarms
- Custom made text

MY R. STAHL T4500A

ϵ

The operator panels for TEF 4500 Commander Utilty are very flexible in sizes and configurations. The panels are custom built and allow for use of text in several languages. With a dimmable back-light these are easy to read in daylight as well as at night. Several panels may be connected to the same network, more typical with non-critical applications. Alarms are provided with flashing LED`s as well as a buzzer for audible alarms. Alarms are acknowledged abd silenced by pushing the Alarm Acknowledge button.
APPLICATIONS:
Deck light control panel
Floodlight control panel
Helideck control panel
Heating system control panel
Pump control panel
Status panel
General control pane

Technical Data

Electrical Data	
DC supply voltage	24 V
Number of RS-485 interfaces	2
Auxiliary Power	
Auxiliary pwr nom. voltage DC	24 V
Diagnostics	
Communication	RS-485
Display	
Backlight	Dimmable LED
Mechanical Data	
Degree of protection (IP)	IP22
Enclosure material	Aluminium
Number of buttons	45
Size	4
Mounting cut-out width	300 mm
Mounting cut-out height	205 mm
Weight	-
